Greg Hart of Linn County General Services moves a counter base into the Courthouse Annex Monday morning.

Employees of Suddath Relocation Services of Hillsboro prepare to move the GIS office reception counter Monday morning.

Monday was moving day for the Linn County GIS (Geographic Information System) Department

The Linn County GIS (Geographic Information System) Department, moved into the Courthouse Annex Monday, May 12, joining the Environmental Health Department.

Among the many things GIS staff do is creating accurate maps, including those used to determine property lines.

In July, the Planning and Building Department will move into the building as well, creating a one-stop service for people needing information about construction or applying for building permits.

The Courthouse Annex is at 315 SW 4th Ave., north of the Linn County Courthouse.

The Courthouse Annex at 315 SW 4th Avenue in Albany now houses the Linn County Environmental Health and Geographic Information System) departments. In July, Planning & Building will move into the building as well.
