ADDENDUM NO. 1

TO: All Plan Holders and/or Prospective Bidders

RE: North Santiam River (Mill City) Pedestrian Bridge
Bid Opening, December 1, 2020, 9:35 PDT, Linn County Courthouse

FROM: Chuck Knoll, P.E., County Engineer

The following changes are hereby made to the North Santiam River (Mill City) Pedestrian Bridge Project Plans and Specifications:

BID BOOKLET

Description of Work Page - Under the heading **Times and Places of Receiving Bids (Bid Closing)**, change all times listed to the time "9:15:00". Modify this item by striking through the original time and handwriting in the time of 9:15:00.

SPECIAL PROVISIONS

Description of Work Page - Under the heading **Times and Places of Receiving Bids (Bid Closing)**, change all times listed to the time "9:15:00". Modify this item by striking through the original time and handwriting in the time of 9:15:00.

Section 00253.01 General – Delete this subsection in its entirety.

Appendix B - Bid Section - Under the heading **Items included in this section**, delete the bullet "DBE Commitment Certification and Utilization Form". Delete this item by striking through the item.

PLAN SHEETS

Sheets WL-01 and WL-03 - Thrust restraint is currently provided at each end of the bridge by concrete straddle blocks behind the abutments. These restraints are not shown on the plans. Additional thrust restraint is not required where the pipes exit the abutments at each end.

Sheet WL-04 - Add the following note after Note 5:

- 5a. In addition to replacing all gaskets as required by Note 5, the contractor shall replace all existing Flex-Ring restraints with new Flex-Ring restraints. Before re-assembly, the contractor shall remove oxidation from the bell and spigot areas to provide clean working surfaces.

Sheets WL-01 to WL-05 - The plans incorrectly identify the existing waterline pipe as TR-Flex by U.S. Pipe. The existing waterline pipe is Flex-Ring ductile iron pipe by American Pipe. All references to TR-Flex pipe shall be changed to Flex-Ring ductile iron pipe.

These changes will be included in the Contract for this Project. It is understood that your bid will be submitted accordingly.

All Bidders will acknowledge receipt of this addendum by returning a signed copy of this addendum with the bid package. Proposals without this addendum may be rejected.
